**Re: MB Docket No. 03-15
WXXA-DT, Albany, NY (Facility ID No. 11970)
FCC File No. BPCDT-19991027ABR
Supplement to Request for Waiver and Extension of
Replication/Maximization Interference Protection Deadline**

Dear Ms. Dortch:

On behalf of Clear Channel Broadcasting Licenses, Inc. ("CCBL"), the permittee of digital television station WXXA-DT, Albany, New York, we hereby supplement CCBL's request for waiver of the Commission's August 4, 2005 DTV replication/maximization interference protection deadline as applicable to WXXA-DT. On August 2, 2005, CCBL submitted a request for waiver of the August 4, 2005 deadline because the station had not yet received a construction permit. The above-captioned permit was subsequently issued on August 11, 2005.

By this letter, CCBL notifies the Commission that on December 20, 2005, WXXA-DT implemented the digital facilities authorized in the above-captioned construction permit. An application on FCC Form 302-DTV for a license to cover WXXA-DT's facilities was submitted today, December 22, 2005. Accordingly, further waiver of the August 4, 2005 deadline is unnecessary.

If there are any questions concerning this matter, please contact the undersigned.

Respectfully submitted

John M. Burgett
